DOOR TYPES

SWING DOOR

The basic and practical option for wardrobes, swing doors can either exude warmth in the interiors or provide a clean, minimalist look depending on the colour of the door and its matching handles.

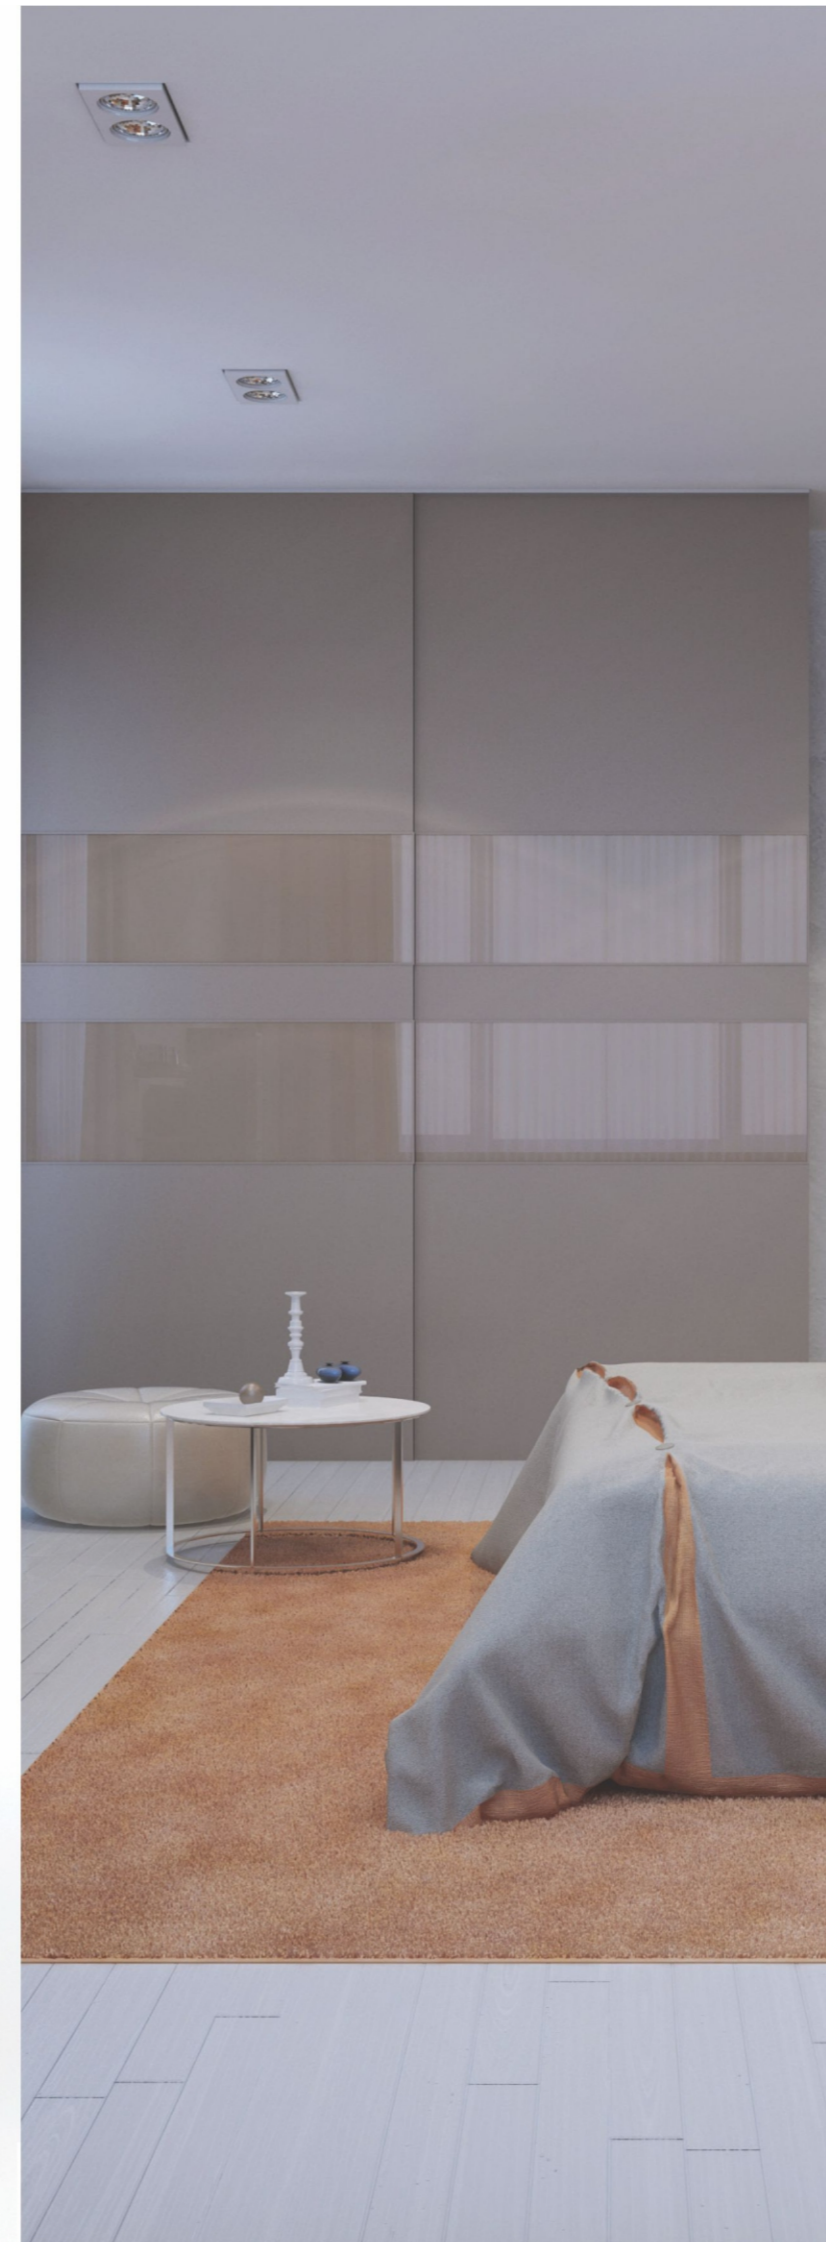

SLIDING DOOR

Sliding doors eliminate the need for extra floor space when they're open, making them ideal for maximising small bedrooms. Best of all, it can be handleless to create a sleek minimalist unobstructed view.

FOLDING DOOR

A folding mechanism ensures that you will have an unobstructed view of your wardrobe when opened, enabling you to have a clear section and easy retrieval of your storage needs. It's also a perfect choice for space-saving in the bedroom.
