## **Commitment to Quality**

### **Quality Certainty**

Tested optimum quality by smart engineers to use in a variable situation providing best in the market

### **Long Lasting Finish**

Corrosion resistance with 3 layers restrains the shine for long time

### **Optimum Cartridge**

An easy way to Control the water flow with lever, which controls the water pressure in accurate manner

### **Cleansing Technology**

Lustrous chrome which cleans in single wipe

### **Ergonomic Design**

Its design is perfect combination of height and size for the washbasin, countertop, bathroom etc. which according to your need

### **Easy Installation**

No worry about the installation. It easily install at suitable place

## PVD

10 times extra scratch resistant  
3 times extra surface hardness

### PVD

The pvd surface treatment provides a long lasting surface with superior aesthetic and functional quality.

### ENVIRONMENT FRIENDLY

With the pvd process, there is no hexavalent chromium produced which enhances to the environmental and ecological safety aspects of the products.

### DESIGN STYLE

In addition to the high efficiency and high performance with the lead-free, water saving. Our product design aesthetics provide a sense of comfort and beauty to bathroom space.

### WATER SAVING

By using the two level cartridge in the hublet series, water can be consume as per the low or high pressure requirement.

### NON TOXICITY COMPONENTS

The internal flow passage all use low led brass and non toxic parts, providing water that contains no heavy metals and other toxic.

### EXTREME CRAFTSMANSHIP

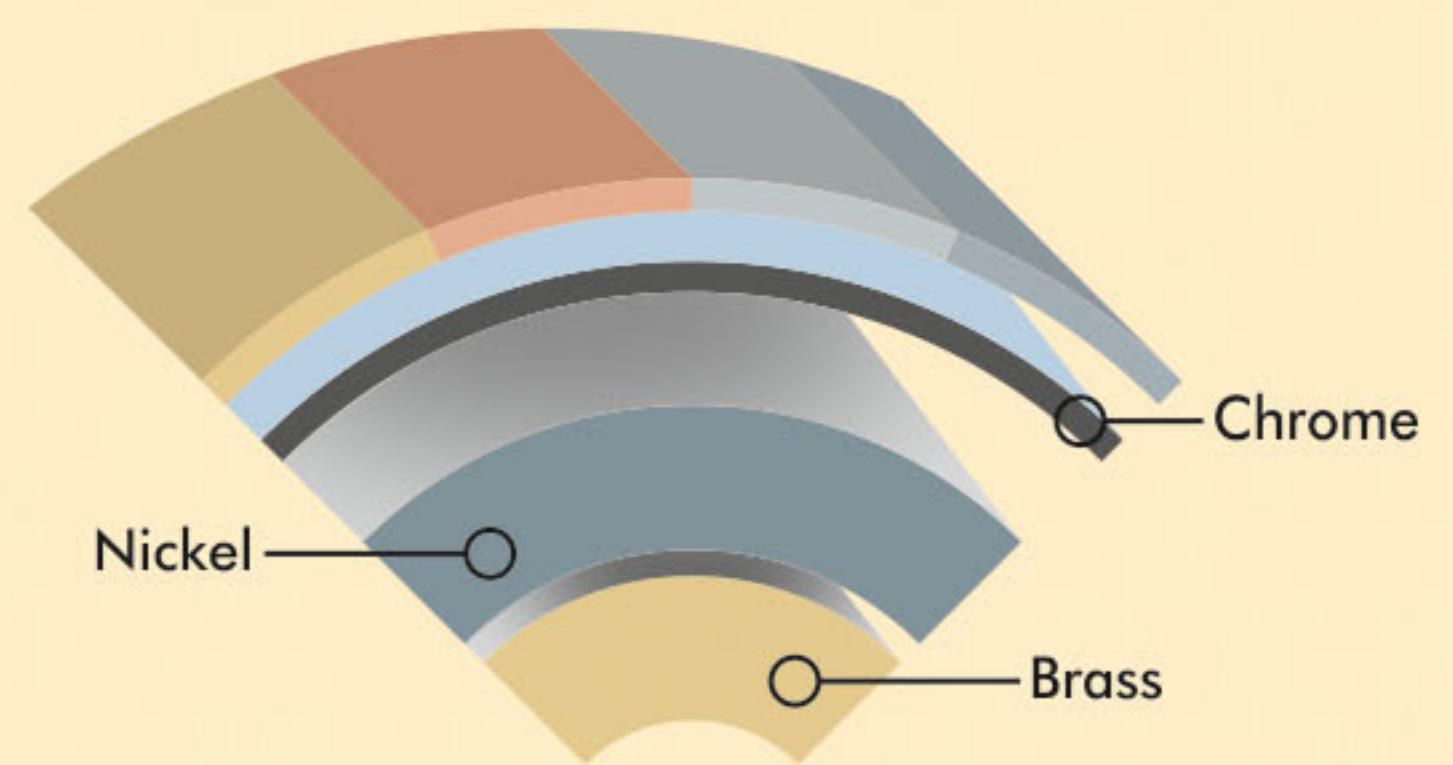

Advanced pvd vacuum coating technology results in significant anti corrosion and surface hardness characteristics. Pvd is meticulously uniform and durable and prevents scratches.

### SOFT HANDLING

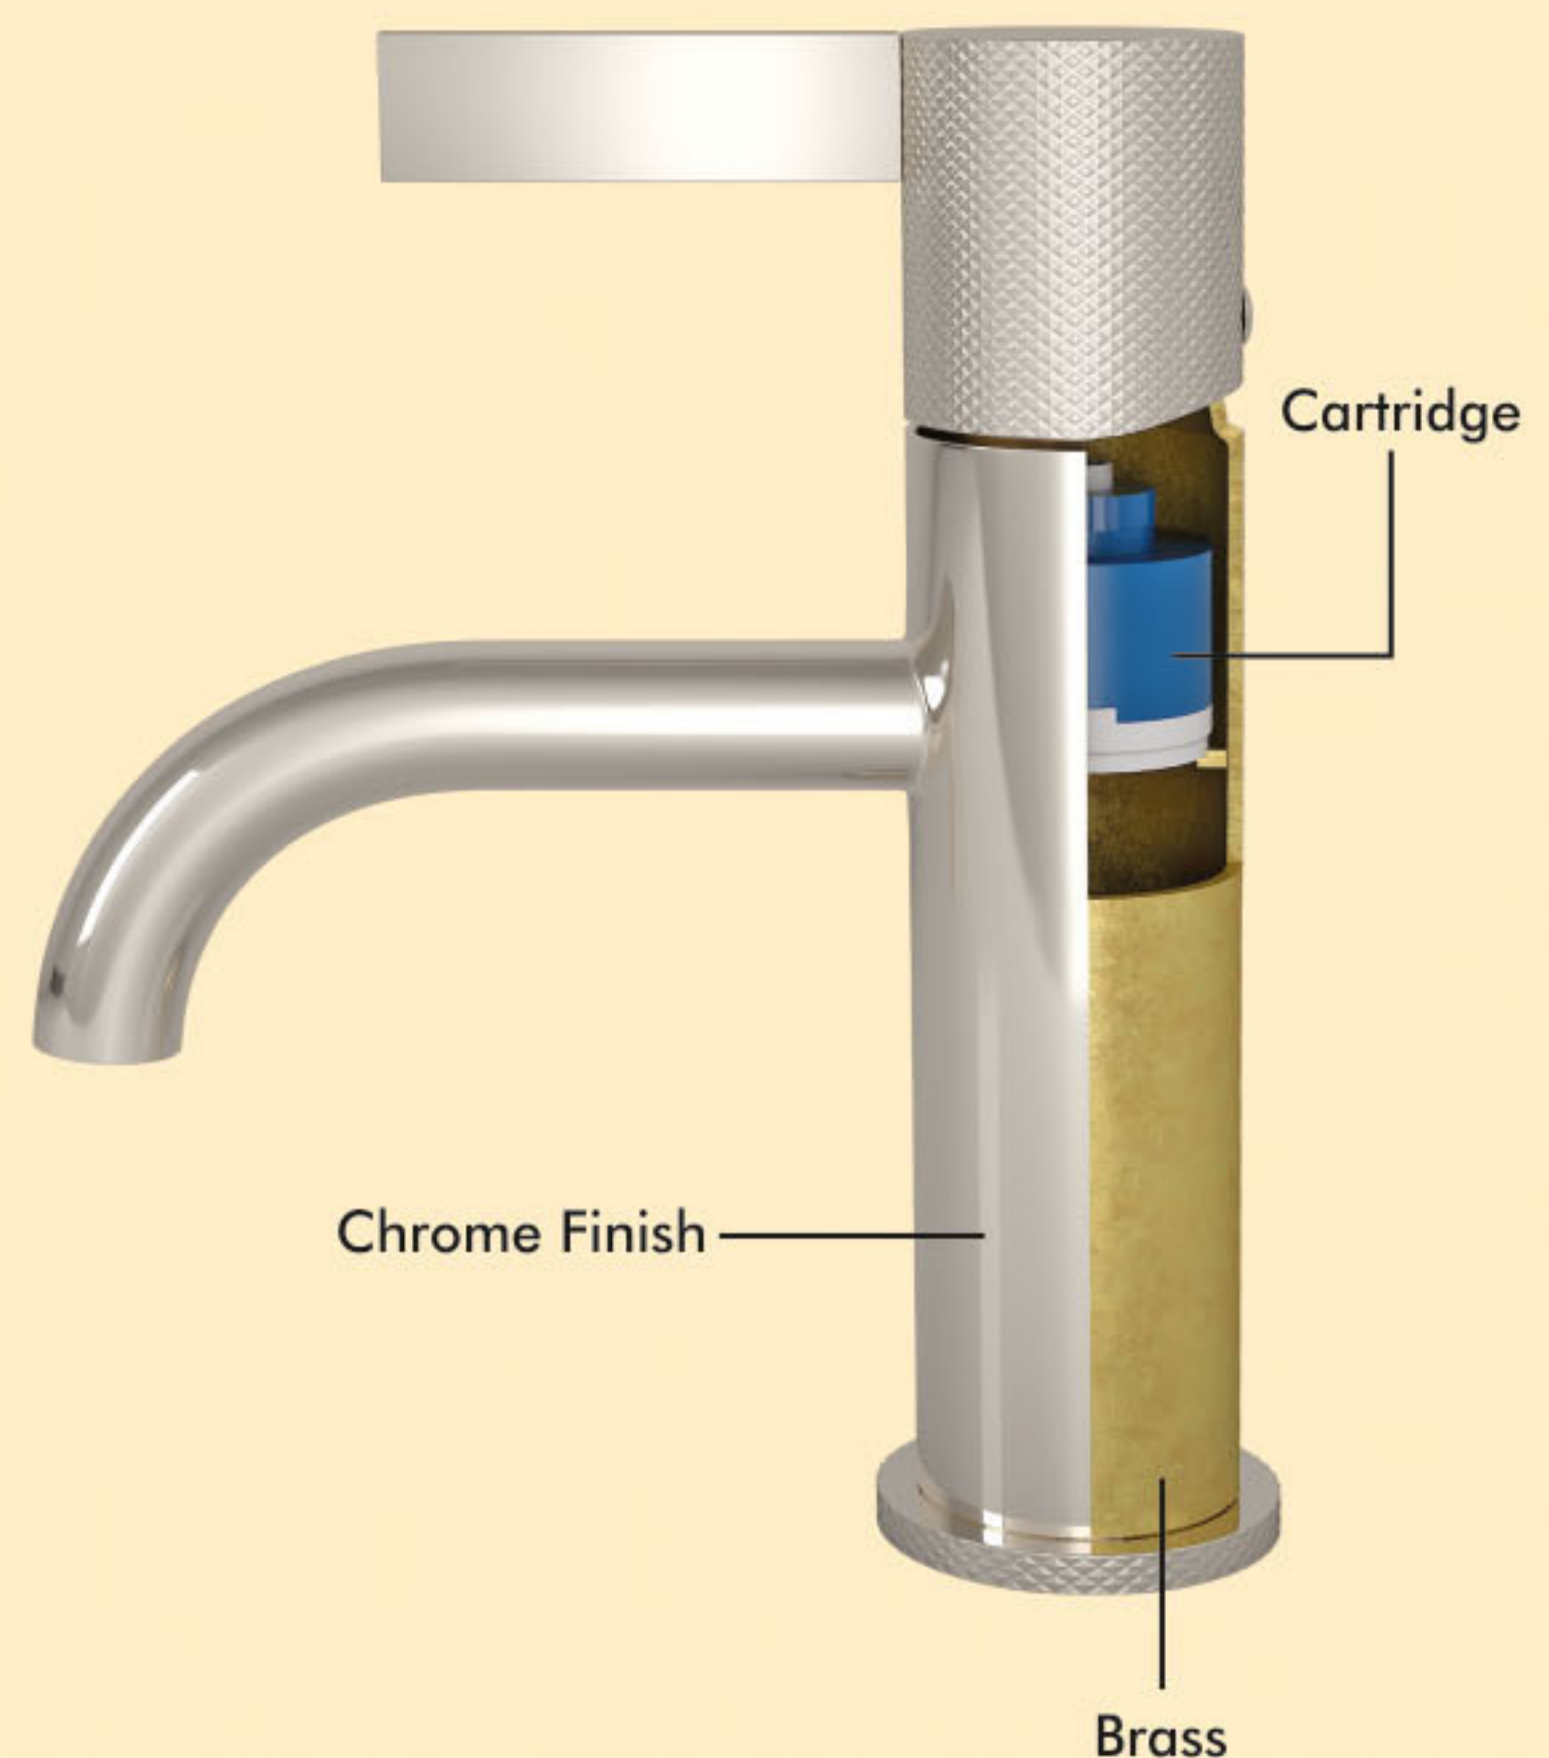

Through the use of a durable, hardened valve parts, faucet lever operation is smoother and long lasting.

### ULTRA RESISTANT

High quality plating process using the 10 micron nickle plated base ensure the high resistant surface.

“ From selecting the long-lasting raw materials to designing and finishing the product, We always strive for an unmatched quality of product and perfection in customer service, what enhances our customer satisfaction. ”

## FUTURE, VISION.

The aesthetic quality of the product is an inseparable part of its functionality. Every object produced belongs to the culture and serves for it. An aesthetic design with functionality means "everything". Once it is away from functionality, such a design is incomplete. Through Colston, you will meet in each project functional, aesthetic solutions that could be combined with each other.

## Concealed Tank with Flush Plate (full Frame)

Buying a new cistern that suits your needs and requirements with a water closet, is an integral part of the choosing process. With a wide range of color options available, it can be an uphill task to choose the right one. Water saving takes place by dual flush and delayed filling process.

**POWERFULL FLUSHING**  
Smooth actuation system & high performance even at low pressure.

**ADJUSTABLE FLOW RATE**  
Time delay mechanism gives flushing adjustability.

**WATER SAVING**  
Water efficient flush reduces overall water usage. Accurate volume setting without loss in flow rate.

**EASY INSTALLATION**  
Easy Installation without any skills, Trouble free installation with a guaranteed great result every time.
